

🚨 EMERGENCY SYMPTOMS? READ THIS FIRST

🚨 If you have ANY of these symptoms RIGHT NOW, STOP and call emergency services immediately:

- Chest pain or pressure
- Cannot breathe / severe difficulty breathing
- Severe bleeding that won't stop
- Fainting or loss of consciousness
- Lips or face turning blue
- Stroke signs (face drooping, arm weakness, slurred speech)
- Thoughts of suicide or self-harm
- Pain level 9-10 out of 10

🚨 DO NOT USE THIS APP. CALL 911 / 999 / 112 IMMEDIATELY. 🚨

This app is for non-emergency guidance only. For life-threatening symptoms, seek emergency care now.

Welcome to GANI AI

GANI AI is your smart health decision assistant.

Enter your symptoms and health details on the left — get personalized guidance on the right.

This tool does NOT diagnose or replace professional medical advice.

For life-threatening emergencies, call emergency services immediately.

How to use:

🌀 Start by filling in your details on the left.

Your personalized guidance will appear on the right automatically.

👉 Step 1: Enter your symptoms on the left

👉 Step 2: See your urgency level

👉 Step 3: Follow your action plan

👉 Step 4: Share with family or doctor

Important Safety Notice

⚠ **GANI AI is not a doctor.** It does not diagnose, prescribe medicine, or replace medical advice.

Seek urgent medical help immediately if you experience:

- Chest pain or pressure
- Breathing difficulty or shortness of breath
- Severe bleeding
- Fainting or loss of consciousness
- Confusion or altered mental state
- Stroke symptoms (facial drooping, arm weakness, speech difficulty)
- Severe allergic reaction (swelling of face/throat, difficulty breathing)
- Rapidly worsening symptoms

For life-threatening emergencies, call emergency services immediately (911, 999, 112, or your local emergency number).
